

Blackboard Integration

Align Results from Blackboard

Assessment leads can pull assessment results from Blackboard Learn into measures in Planning & Self-Study using their own accounts. To do this, an assessment lead will follow these steps:

1. **Either create a new measure or add results to an existing one.**

a. **Create a new measure and select "Align Results".**

2020-21 Academic Programmatic Assessment Plan > Add Measure
Add Measure

Fields marked with * are required.

Definition Details of the measure activity

Method
Assignment Direct

Outcome
Integrity of Financial Information

Program
Accounting Program

Course*
Select a course for this measure
Can't find a course? Add course to program's curriculum

This is a non-course based measure

Title*
Fundamentals of Accounting

Results Collection
Align this measure to results from another integrated system. If your results aren't being collected in an integrated system, simply skip this step.

ALIGN RESULTS

Target
Enter target or criteria for this measure

Aligning rubric results from another system to a new measure.

b. **"Add Results" to an existing measure and then select "I want to align results from another system".**

Results
Evaluation of the measure activity

Select the results format that you would like to use for this measure.
You will also be able to include a summary once results have been added.

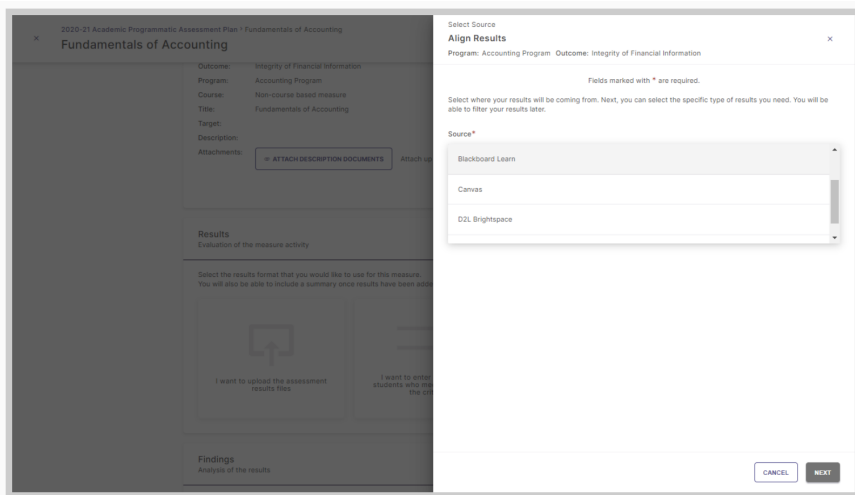

I want to upload the assessment results files

I want to enter the count of students who meet/do not meet the criteria

I want to align results from another system

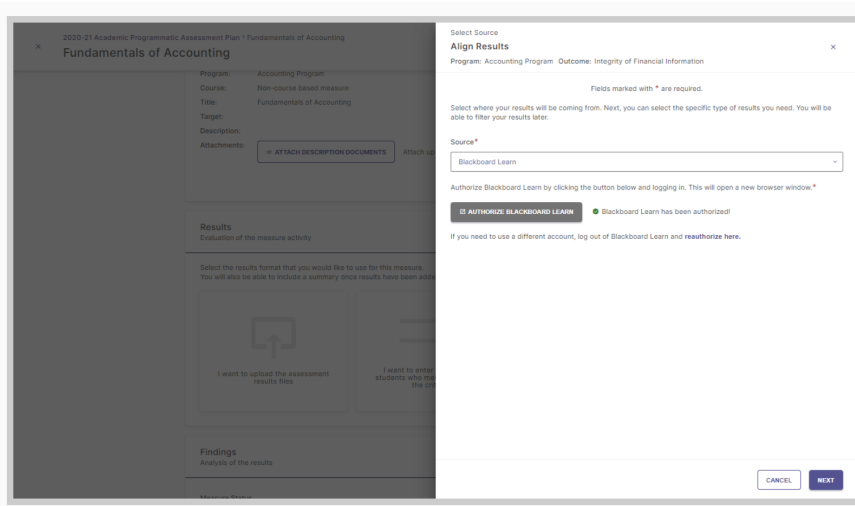

Aligning rubric results from another system to an existing measure.

2. **Select Blackboard Learn as the source from which to pull measure results. The assessment lead will then authenticate with their Blackboard Learn credentials to authorize themselves.**

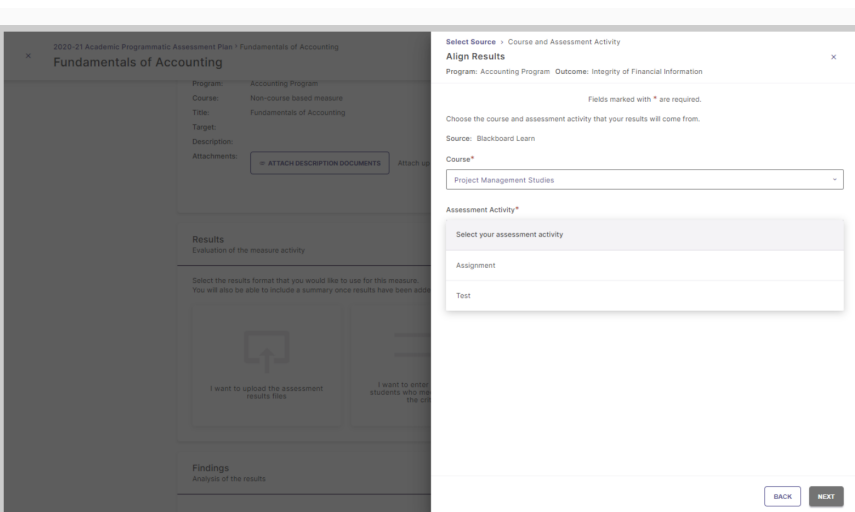

Source options for aligning rubric results from another system.

3. Assessment leads can reauthorize the system with a different Blackboard Learn account to pull the assessment results by clicking on the link "reauthorize here" and logging out of any Blackboard account. Once authorized correctly, click "Next". Reauthorize Blackboard Learn

4. Select the Course and Assessment Activity from which to import relevant assessment results. View the Course(s) that they are associated with and view the Assignments and Tests as an assessment activity.

Select the Assignment/Test from the list.

5. Choose from a list of Assignments/Tests relevant to the selected course.

The screenshot shows the 'Align Results' dialog box for the 'Fundamentals of Accounting' course. The 'Assignment' dropdown is selected, and the 'Numerical Score Threshold' is set to 1. The 'Schema Levels' section is visible with a 'MET THRESHOLD' column.

Select the Assignment from the list

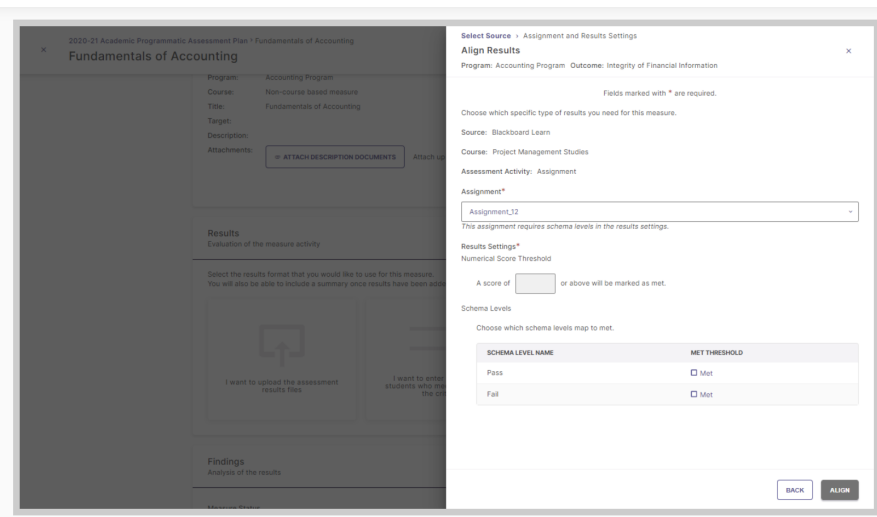

The screenshot shows the 'Align Results' dialog box for the 'Fundamentals of Accounting' course. The 'Test' dropdown is selected, and the 'Numerical Score Threshold' is set to 1. The 'Schema Levels' section is visible with a 'MET THRESHOLD' column.

Select the Test from the list

6. Under Result Settings, choose to interpret the results in Planning & Self-Study based on a Numerical Score Threshold or select the Grading Schema levels relevant to the selected assessment activity.
