Duo Security Training

Protect Your North Dakota University System Account

Two-factor authentication enhances the security of your account by using a secondary device to verify your identity. This prevents anyone but you from accessing your account, even if they know your password.

This process will help you set up your account with this added layer of security.

Start setup

What type of device are you adding?

- Mobile phone RECOMMENDED
- Tablet (iPad, Nexus 7, etc.)
- Landline
- U2F token (Requires a compatible browser)

Continue
Enter your phone number

United States

+1  

ex: (201) 234-5678

Back | Continue

Tablet

What type of tablet are you adding?

- iOS (iPad, iPod Touch)
- Android

Back | Continue
**NOTE:** Make sure the information and phone type you select are correct because you **WILL NOT** be able to go back.

**Install Duo Mobile for iOS**

1. Launch the App Store app and search for "Duo Mobile".
2. Tap "Get" and then "Install" to download the app.
3. Tap "OK" when asked if Duo Mobile should be able to send push notifications.

Will appear if you select the type of Smart Phone you have.
Once you hit the + button the camera on your phone will start up, then point your phone toward the screen so you can see it through your cell phone screen. It will scan automatically.

Select what type of notification method you would like.

**NOTE**: if you select “other” for type of phone this screen will pop up right away.
Enrollment Successful!

Way to go! You can now authenticate to any Duo-protected service.
