8. Suggestion Box
   a. Can we work on getting an absolute on lunch breaks? It is frustrating to me to have the two 15 minutes as optional instead of mandatory. Some people are taking 1 hour breaks, some people are taking the half hour with both 15 minutes and some people only take the half hour because the optional 15 can't be an option with the amount of work that needs to get done. I am frustrated to be in a position where I feel like a slacker to take my two optional 15 minute breaks knowing that the majority of campus is getting 2.5 hours of additional breaks a week than I am (and I know I am not the only one who does not take the fifteens).
      i. Response: Normal business hours are Monday through Friday 8:00 AM – 4:30 PM. Since the university is a 24-hour operation, there may be variations in shifts. Employees may be allowed a rest period of fifteen minutes each half day. Employees who work more than four hours in one day are allowed a minimum of thirty minutes (unpaid) for one meal.

Patricia Reed nominated June Novacek, she declined. Chris Dingle nominated Jeremy Malheim. He accepted. Pam will contact the candidates. They will each do a written statement about why they feel they are qualified for the position. We will vote on all positions at the next meeting.
    b. Staff Recognition
       i. Staff Senator of the Year elections on Qualtrics-Be on the lookout for an email for the vote for Staff Senator of the Year. There will be a box for comments on why you believe they deserve it.
    c. Letter back to State Staff Senate
       i. Greetings State Staff Senators,
          UND’s Staff Senate Executive Committee and full Staff Senate have had a chance to review the letter you have proposed sending to the SBHE. We did not have a lot of time to discuss the letter at either meeting but there was a lot more discussion at our Executive Committee meeting Wednesday. The letter was met with a fair amount of resistance and hesitation and nearly everyone on our Executive Committee agreed that if this letter is going to be sent, that it should not be on behalf of individual campuses and that it should be sent from who it was drafted by, The NDSSS Executive Committee.
          I have been in communication with staff senators from another campus who mentioned the same issues with the letter that came up at our SS Exec meeting. Some commented that we are asking for too much in this letter; others comments were in relation to the wording of the letter. Folks seemed to be in agreement that even if we would all love to see the things presented here, they didn’t feel right asking for all of them given our current financial climate. Our campus would rather see Staff Senate members work within our own Administrations to advocate for staff how the y see fit.
          We are planning to meet with President Kennedy to talk about some of these issues.
       d. Staff Senate Mission, Vision, Values underway-Staff Senate Executive Committee met with Emily Holth. We had a broad and introductory meeting with her. We broke off into groups and used keywords to start the process. We will meet again with her at the next Executive meeting.
11. Matters Arising/Open Discussion-Next month Mike Pieper will be here to talk about the new Parking Plan. There have been many calls about the new plan. He will be holding an open forum to discuss it and field questions. Parking and Transportation Committee will meet again April 3, so if you have any questions or concerns send them to Tammy Hendrickson or Pam Shea. A couple departments have had departmental discussions about the changes. There will be an increase in permits to pay for maintaining parking lots. Discussion ensued on this topic.

12. Adjourn-President Tyler Clauson adjourned the meeting at 2:29 pm.
