Minot State has implemented a release time of three hours a week for wellness. It would be easier for us to implement now that Minot State has opened up the door for us. Chris Dingle said the concept is a good one but tracking would be an issue. Sarah brought up that it need to be across the board so it does not create animosity in departments.

   We will also be looking at our Mission Statement so that it better aligns with the Strategic planning being implanted. Amber and Barry will be meeting with a consultant to look at the mission statement and possibly rewriting it.

   b. Carrie brought up senators off campus and how do we plan to deal with it. Amber informed us that if we meet at the Memorial Union that we are able to do a conference call but the Wellness does not have the capability.
