Select magnifying glass to populate vendor information.
Complete the above boxes if major equipment is being purchased.
**Submit Request**

1. Once the eform is completed, select Route Forward from the Perceptive Content Viewer at the bottom. This will automatically route to the first department listed under the funding information.

   ![Route Forward button](image)

On the example form, the first department entered was Dept # 3130. If more than one department is funding the purchase, list the funding information of the requestor first as it will auto route to your department for your approval and then you can route to the next department.

![Funding Information table](image)

a. If you have completed the form successfully, your form will route forward and the form will disappear.

b. However, if you didn’t fill out the form successfully, you will receive an error upon submission:

   ![Route Forward error message](image)
**CORRECT ERRORS DURING SUBMISSION**

This error indicates the form has not been completed as instructed and discovered errors during the submission process.

1. To determine the cause of the error, close and re-open the form
2. Once the form is re-opened, review the message found within the **Notes** section. All errors during submission will be disclosed here.
   - This error message indicates the Fund number is missing from the Fund Information section of the eForm.

3. Correct the error(s) and route forward.
4. Repeat until all required fields are completed successfully and you no longer receive an error during submission.
Approving / Denying Purchase Request

1. Locate your department approval:
   a. Perceptive Content Toolbar > Workflow > PUR – Purchasing > Dept #

2. Locate any requests by completing a default quick search. Once completed, select the Go button to generate your search.

3. Found Documents matching search criteria will populate below search bar. To view/open a Document, double-click record.
4. Review the eForm Purchase Requisition, ensuring all information is accurate.
5. Once you are ready to approve/deny the request, move to the appended Approval Stamps page from the toolbar at the bottom of the Perceptive Content Viewer to go through the additional pages.

6. If you do not see the documents at the bottom of the form Select View > Thumbnails (or by pressing F9 on your keyboard)
ANNOTATIONS

The Approval Stamps page will house all annotations (i.e. approval / denial stamps, sticky-note) for each Purchase Requisition. Please remember to stamp in sequential order. The available annotations are defined as follows:

1. Approval Stamp example:

   **UND-PUR-APPROVED**
   **ANNA.LEDDIGE**
   **02/13/18**
   **9:24:45 AM**

2. Denied Stamp example:

   **PUR-PUR - DENIED**
   **ANNA.LEDDIGE**
   **02/13/18**
   **9:25:02 AM**

3. Sticky Note example:

   Example: Please attach a contract for services memo and route to Procurement & Payment Svcs
ADD ANNOTATION

1. From your Perceptive Content Viewer, select View > Toolbars

2. Your Annotation toolbar will now appear within your Perceptive Content Viewer
3. There are multiple stamps to be utilized, so it is important to select the stamp you would like to apply to the document. To select a stamp, right-click on the stamp icon and highlight the applicable stamp. The check-mark next to the stamp indicates which stamp is active.

**Stamp**

**Sticky Note** – Utilized to add additional details & communicate with Procurement & Payment Services
**APPROVAL ROUTING**

Purchases have the ability to be paid by multiple Fund numbers and Departments. The Purchase Requisition must be routed to all Departments for approval prior to arriving to Procurement & Payment Services Department for processing.

1. If more than one department is funding the purchase, the first department routes to the second, second routes to third, third routes to the fourth, etc.
2. Continue to route the Purchase Requisition until all departments have approved
3. The last approving department will route the document to Approval Routing Queue (UND - PUR – Approval Routing) for processing

**ROUTE TO DEPARTMENT**

To route to an additional department, from the Perceptive Content Viewer at the bottom, select Route Forward

a. Within the Route Forward pop-up, expand **Peer Routes** and select the corresponding department number to route the Purchase Requisition to.

b. Once the correct location is highlighted, select **Route**.
**ROUTE TO PROCUREMENT & PAYMENT SERVICE:**

Once the form is ready to be routed to Procurement & Payment Services, from the Perceptive Content Viewer at the bottom, select Route Forward

a. Within the Route Forward pop-up, select UND-PUR – Approval Routing from the list

b. Once the correct location is highlighted, select Route.
FIND A DOCUMENT

1. Within the Perceptive Content toolbar, select the down-arrow besides Documents and select UND-PUR-Purchasing.

2. Locate any requests by doing a default quick search. Click the drop-down arrow where it says PO #/P-Card Ref and select Vendor Name. Then enter the vendor you are looking for in the space provided and click Go.

3. The Workflow Queue will provide the location of the Purchase Requisition.
