Date: 11/16/14

Re: Implementation of the Green Scene Program

Whereas, several institutions, such as Texas A&M and NDSU, have implemented programs supporting school pride, and

Whereas, for NDSU's “Bison Pride Friday” program, students have the opportunity to win prizes from a Student Government committee while walking through the Student Union for wearing school-pride gear, and

Whereas, students have the opportunity to visit the Student Government office to submit their name into a raffle for a larger prize if wearing school spirit apparel, and

Whereas, this program has increased their brand's identity and relevance on as well as off campus, and

Whereas, Student Government feels that an increase in identity on UND's campus would be beneficial to the overall morale of students as well as promote awareness for both sporting and cultural events on campus, and

Whereas, Student Government is always seeking ways to increase traffic in the Union and the Student Government Office, and

Whereas, this could have the potential to increase the number of students utilizing the Student Government office thereby creating a more recognizable and effective department, and

Therefore, be it moved that the Student Senate allocates $5,000 for the implementation of the Green Scene program, and

Therefore, be it further moved that a seven member committee, with two co-chairs, be formed to handle the operations of the Green Scene Program.
