Date: 11/7/2016
Re: University Counseling Center Outreach to students

Whereas, protecting student’s mental health is a major priority at the University of North Dakota, and

Whereas, increasing knowledge regarding mental health facilities on campus is essential to assist at risk students and fight the mental health stigma, and

Whereas, freshmen are at considerable risk for loneliness, anxiety, and depression, and

Whereas, it is our duty as a senate to protect and develop our community

Therefore, be it moved that UND Student Government allocate 1000 dollars to assist in the University Counseling Center’s Connection marketing campaign, and

Therefore, be it further moved that we emphasize the importance of outreach to our university’s freshmen in the residences halls.

Brandon Beyer, Student Body President
