Re: Ski UND 2016-2017

Whereas, The University of North Dakota and Student Government strives to promote wellness and to facilitate a healthy environment for the campus community, and

Whereas, the purpose of Ski UND is to provide students, faculty, and community members the opportunity to enjoy an outdoor winter wellness activity at no cost, and

Whereas, Ski UND has affected over 500 different people in the past 4 year, and

Whereas, Student Government has always supported Ski UND, and

Whereas, Ski UND has had a three-year average of $1,600 in total expenses for grooming, labor, repairs, and miscellaneous, and

Therefore, be it moved that UND Student Government allocate no more than $2,000 from the general account to the University of North Dakota Wellness Center for the Ski UND program in the Spring 2017 semester, and

Therefore, be it further moved that the UND Wellness Center report back to the Student Senate on the results of the project before the end of the 2017 Spring Semester, and

Therefore, be it furthest moved that all receipts be turned into the Student Government Treasurer no later than August 2017.

Brandon Beyer, Student Body President
