Re: Funding for Constituent Outreach

Whereas, it is the primary duty of Student Senators to represent his/her constituents, and

Whereas, President Bachmeier and other Student Government leaders have set a goal that all senators author at least one Senate bill or resolution, and

Whereas, Student Senators can gather ideas for bills or resolutions based on feedback from constituents, and

Whereas, it is possible to create more formalized events to discuss issues that are important to their constituents, and

Therefore, be it moved that UND Student Government allocates $2,500 for senators to use to reach out to their constituents, and

Therefore, be it further moved that each senator will be able to use up to $100 from the $2,500 to reach out to their constituents in however they may see fit,

Therefore, be it furthest moved that any remaining monies unused by the end of the 2017-2018 academic year be returned to the Unallocated Fund.

Re: Opioid Overdose Recognition and Treatment

Whereas, the University of North Dakota strives to support the physical and mental health of students, and

Whereas, there is currently no easy access to Narcan and other overdose preventing medicines on the campus of the University of North Dakota, and

Whereas, over 30,000 Americans died in 2015 as a result of an opioid overdose, the Nation is in the midst of the largest opioid crisis ever seen, and it might potentially strike the University of North Dakota at any point in time, and

Whereas, students at many universities of different sizes and geographic areas have experienced opioid overdoses and death as a result of an opioid addiction, and

Whereas, addiction is a silent killer and anyone can suffer from a life threatening addiction; and

Whereas, opioid overdose death rates are currently on the rise in the United States, it is imperative that the Student Government at the University of North Dakota act in a way that best represents the health of our student body.

Therefore, be it moved that The Student Government of the University of North Dakota direct the Office of Student Life to train its Resident Hall Assistants and University Police Department Officers in the recognition of an opioid overdose, the administration of Narcan, and equip them with a dosage of Narcan medication for deployment as first aid, and

Therefore, be it moved that Student Government of the University of North Dakota allocates $1,400 to implement opioid overdose recognition training and purchase Narcan kits, contingent upon the allocation of $600 by the Association of Residence Halls to support the costs of covering these efforts for the Resident Hall Assistants.

Cole Bachmeier, Student Body President
